National Biodiesel Board updates energy leaders on an industry in crisis

WHAT: In conjunction with the Alternative Fuels & Vehicles Conference, the National Biodiesel Board will provide an update and current report on the state of the biodiesel industry. Driving the industry's challenges is the uncertainty produced by the current lapse of the biodiesel tax incentive, a federal policy vital to the industry's survival – and America's energy future.

Clean Cities Coordinators and Department of Energy personnel invited to attend an NBB-hosted event will hear from Joe Jobe, National Biodiesel Board CEO. Media are invited to attend the update and will have the opportunity to ask questions of the speaker.

WHEN: Tuesday, May 11

WHERE: Rio Hotel & Casino
3700 W Flamingo Rd
Las Vegas, NV

WHO: Joe Jobe, CEO of the National Biodiesel Board
